We identify the specific needs of children with SEN/disabilities and meet those needs through a range of strategies.

We work in partnership with parents and other agencies in meeting individual children's needs.

We monitor and review our practice and provision and, if necessary, make adjustments.

We work closely with parents of children with SEN/disabilities to create and maintain a positive partnership.

We ensure that parents are informed at all stages of the assessment, planning, provision and review of their children's education.

We provide parents with information on sources of independent advice and support.

We liaise with other professionals involved with children with SEN/disabilities and their families, including transfer arrangements to other settings and schools.

We use the graduated response system for identifying, assessing and responding to children's special educational needs.

We provide a broad and balanced curriculum for all children with SEN/disabilities.

We provide a differentiated curriculum to meet individual needs and abilities.

We use a system of planning, implementing, monitoring, evaluating and reviewing individual educational plans (IEPs) for children with SEN/disabilities.

We ensure that children with SEN/disabilities are appropriately involved at all stages of the graduated response, taking into account their levels of ability.
